The screenshot displays the Kubernetes dashboard interface. The top navigation bar shows the 'kubernetes' logo, a 'default' namespace dropdown, a search bar, and user profile icons. The left sidebar lists various Kubernetes resources under 'Workloads' and 'Service' categories. The 'Deployments' resource is selected, leading to the main content area. This area features two charts for 'CPU Usage' and 'Memory Usage', both indicating they are waiting for data. Below these is a 'Deployments' table with columns for Name, Images, Labels, and Pods. A single deployment named 'jobportal' is listed with a green status indicator, 'Show all' links for images and labels, and '1 / 1' pods. The browser's address bar at the bottom shows the URL: <https://eu-de.containers.cloud.ibm.com/kubeproxy/clusters/cdcmchf02rs9j9pod...>
